### **About Biological E. Limited**

Biological E. Limited (BE), founded in 1953, the first private sector biological products company in India and the first pharmaceuticals company in South India. Originally incorporated as Biological Products Private Limited, and launched by Dr. Vijay Kumar Datla, today, BE is a globally recognized vaccine manufacturer and has supplied over 2 Billion Doses of Vaccines till date all over the world. BE supplies several essential and lifesaving Vaccines and Pharmaceuticals to UN Agencies viz. UNICEF, PAHO, Many Global markets, and in India to the National Immunization program, various State Governments, PSUs, Indian Armed Forces and the domestic retail market. With a mission to improve health & survival of people and contribute to the societies, BE provides equitable access to quality vaccines and therapeutics. BE has a long and richly textured history of supporting public health programs in India for over five decades. BE's portfolio of World Health Organisation pre-qualified vaccines include the 5-in-1 Pentavalent and Japanese Encephalitis vaccine and its future offerings promise to be even more exciting!
